Some of the things in the shop are delicate and can be easily broken. I shouldn't touch these things unless I am going to buy it. Then it is ok to pick it up and bring it to the till.

Sometimes things might get knocked over or broken by accident. This is ok. Someone in the shop will help to clean it up.

I might not want to buy anything today. That is ok. If I do want to buy something, I can bring it to the till area.

I may have to wait to pay if there is a queue, or if the person working in the shop is busy.

I can pay for the item(s) with money or with my card.

The till has a scanner, which might beep or flash red. This is ok, it is just checking the price code for the item

When I have paid for it I say Thank You and can take what I have bought home with me.

When I am leaving the shop I can say Goodbye and leave through the front door.
