Scully's is a Butchers in Clonakilty. It sells meat and other food. If I want to buy meat I can go to the butchers. It has Scully's written on the front of the shop, and it has a canopy over the door with stripes on it. It also has the words Butchers and Delicatessen.

Outside the Butchers there are some vegetables on display. If I want to buy these, I can take them into the shop to buy them.

There is also a statue dressed like a Butcher, wearing a red stripey apron. Beside it, I will see some posters which tell me what the 'special offers' are that day. These posters might say something different each day, and that's ok.

AS I AM .IE

When I walk into the shop, I will see different types of food on display. There will be meat behind a glass counter, and fridges with food in them. I might be able to smell the food. This is ok, and I can step out of the shop if I need to.

It might feel cold near the fridge. This is ok, the fridge needs to be cold to keep the food fresh.

There will be lots of different types of meat behind the glass counter and it might be difficult to choose, or to know which one I need. This is ok, because I can ask the Butcher to help me with this.

The Butcher might need to cut the meat for me, or for another customer. This is so they can give me or the customer the amount needed.

If I want to buy something today,
I can wait in front of the till. The
till is beside the glass counter
with the meat.

If there is a queue or the Butcher
is busy, I might have to wait
my turn. When it is my turn I
can pay with money or my
card.

When I have paid, the Butcher will give me a bag with my items in it. I say Thank you, and I can leave by going out the front door of the Butcher Shop.
