I am welcome to come into the shop. When I go through the first door, there will be another door on the left to enter the shop.

When I come into the shop I will see the till area. This is where people pay for items they wish to buy.

The person working in the shop may be at the till area. I can ask them for help if I need to. If they are not at the till, they may be helping another customer, or on the shop floor. They will still be there to help if I need anything.

The shop will have different clothes on the rails. There might also be bags, shoes and accessories.

If I see something I like, I might like to try it on in the dressing room to see if it fits. I can ask the person in the shop if I can try it on. They will direct me to the dressing room.

If there are already people in the dressing room, I can wait until they are finished and it is my turn.

I might not decide to buy the item. That is ok.

If I do decide to buy something, I can bring it to the till area. I may have to wait to pay if there is a queue, or if the person working in the shop is busy.

I can pay for the item(s) with money or with my card.

When I have paid for it I say Thank You and can take what I have bought home with me.

When I am leaving the shop I can say Goodbye and leave through the front door.
